1972

Near one entrance to Bagdad Cemetery a well, in use many years ago by the school and church and many who were passing by, was restored by Mr. and Mrs. Mood Wiley in loving memory of their two sons. A hand pump was installed, a gazebo type cover was put over it and flowers planted in raised flower beds. The inscription reads:

IN MEMORY OF  
FARREST A. WILEY  
AND  
BOBBIE LEE WILEY  
1972

On April 20, 1975, a large group of Leander residents listed the names and dates of all buried in the Bagdad Cemetery, Mr. Lois Giddens, President of the Cemetery Association appointed a committee to plan the project. Mrs. Malcolm Naumann, Mrs. Edwin Borho and Mrs. William Beasley supervised the work. Mrs. Naumann compiled the combined lists.

COUNTY ROAD 110

LOWER (ORIGINAL) CEMETERY (BELL)  
GEDRGETOWN EVANGELICAL FREE CHURCH

CARL JOHNSON

GEORGETOWN I.O.O.F. CEMETERY  
Georgetown, Texas

This cemetery is located at the end of East 7th Street, just within the Eastern boundary of the Georgetown City limits.

Although there were earlier burials in the area, the cemetery was officially established March 9, 1878 when J. W. Posey and W. K. Makemson of the late firm Makemson & Posey, Attorneys-at-Law, deeded to "S.M. Strayhorn, President of the Board of Trustees of the Odd Fellows Cemetery at Georgetown, Texas and his successors in office for the use of Georgetown Lodge No. 179, I.O.O.F. out of the Addison League being a part of what is known as the Wills tract being 2 acres plus 20 feet on west line for a roadway..... to be used only for the purpose of a cemetery....." (I.O.O.F. Cemetery Georgetown Plat 19 pp457-458)

During later years the cemetery was enlarged a number of times by gifts or purchases of additional land, and some divisions were added or enlarged by encroaching on the cemetery roadways.

By a Resolution of the Georgetown Lodge No. 179, I.O.O.F., the City of Georgetown assumed all the obligations of the I.O.O.F. Lodge for the cemetery on May 9, 1968.

Buried here are many of Georgetown's outstanding pioneer citizens, among them Nannie Elizabeth Morrow, wife of Capt. J.C.S. Morrow and eldest daughter of General Sam Houston, the first elected President of the Republic of Texas.

The earliest marked burials were: S. G. Norvell d. 8 July 1863 (Div. Y); Thomas, son of R. E. & A. L. Talbot d. 2 Aug. 1863(Div.C); John J. Ake d. 14 June 1864 (Div. G). There are, without doubt, numerous unmarked graves which have not been noted in the following list as time has erased all visible signs.

Logged through September 1976, with several October 1976 burials also included, graves marked only by Mortuary markers have been so indicated as these markers are subject to destruction by time, weather, and mowers.

## GOODEVILLE CEMETERY

Located about one mile North of Schwertner, Texas on the old Bartlett-Jarrell road. From IH 35, turn east at Jarrell on FM 487 for about 6 miles to Schwertner. In Schwertner at the point where FM 1106 (to Walburg) turns south (or intersects FM 487) turn left on a narrow black top road which is just east of the Bank, and go to the dead-end; turn left for about 200 yards. The small cemetery is about 50 yards in a field north of this gravelled road. From Bartlett Hwy 95 go west on Clarke Street to its end, then turn left on FM 487 to Schwertner, about 5-6 miles, and proceed north past the Bank as above.

In this cemetery are two plots enclosed in steel fences, and two in the open. All are plainly inscribed.

-----  
 There have been a number of deaths in these families since 1963, I know. If the cemetery can be reached, some additional stones might be found. It has been our experience that when relatives knew a cemetery was being copied or would be published, they often arranged to have the cemetery cleaned & sometimes went out & erected new stones for their own people, hoping to be included. We always hate so much to miss any of these. Jean Halden Walker.

In addition to the burials as listed above, for the HUNT CEMETERY, the following information was given to Mrs. Clara Scarbrough, May 21, 1969, by W.L."Pete" HUNT, both of Georgetown, regarding the cemetery:

Hayden Hunt, who along with several brothers came to the North San Gabriel River in the 1850s, built a log cabin south of the river four miles east of present Highway 183. Hayden Hunt was interested in acquiring land and horses and he and his family caught and tamed wild horses which they bartered to the westward-moving pioneers.

An Indian occasionally left his tribe at Pack Saddle Mountain and came to the Hunt ranch to work for Mr. Hunt, and Hunt helped him get a job with a railroad construction company building lines between Austin and Burnet about 1882. While working at the railroad job, he became involved in a fracas among construction workers during a gambling argument and the Indian was killed. When Mr. Hunt heard of the accident, he sent for the body and buried him in the family cemetery. He erected a headstone with the man's name and "He died in his boots." It stood for many years, but was finally removed by vandals and the name of the Indian has thus been lost. Thus this burial should be added:

UNKNOWN INDIAN BURIAL

## MANKINS CEMETERY

Located west of Mankins Crossing about 200 yards north of the highway (29) in a pasture owned in 1977 by Mrs. Eggers (nee Wileman) of Dallas, and leased by Sonny Green since about 1960.

Mrs. H. B. Mankins  
Born March 8, 1863  
Died Sept. 27, 1892

Josephine  
wife of  
W. H. Mankins  
Born April 6, 1864  
Died Feb. 16, 1895

Mr. Joe L. Mankins, Box 417, South Houston, Texas 77587, gathered the above information. He was told about November 1976 by Sonny Green that he believed Mr. Eggers had prepared a list of people buried in the cemetery for whom there were no markers, but Mrs. Eggers knew of no such list.

Mr. Mankins adds:

"The W. H. Mankins appears to be Henry Mankins, who came to Williamson County with his father, Sam, in about 1847, at about age 10. If this be he, he apparently married late as he is shown living with his father in the 1860 & 1870 census, and with his sister and brother-in-law, Victoria & L. W. Jones in 1880. In the census records 1850 thru 1880, no H. B. Mankins shows up. Closest to that is my grandfather, I. B. (Isaac Bracken) Mankins whose first wife was Bell Mann. Her year of birth was 1863 or '64 and she died before 1895."

To reach the cemetery, drive to the intersection of FM roads 971 and 1105 at Weir and turn south (following the road toward Weir Cemetery and Markins Crossing). Drive .6 mile and turn east on County Road 120. This road makes a sharp turn to the right, and quite near, another to the left, so that you again head east. (Do not take fork to the south.) Go down a hill past the Milton Wolbrueck home (he is the owner of the Queen Cemetery property) which is north of the road and is about 2 miles from the Weir intersection. Continue east across a small branch, then up Queen's Hill a short distance to a gate north of the road, about 2.5 mile from the Weir intersection. The graveyard is about .1 mile inside the gate on the hill, in a pasture. TOTAL DISTANCE FROM WEIR: 2.6 miles.

To locate, take FM Road 972 east from Walburg. Counting from the intersection of FM 972 and FM 1105 at Walburg, go about 1.1 mile, and after crossing Opossum Creek to the east side, turn south on the county road. Go about 1.5 mile to the John Cmerek farm (1975) which was once the old Robbins place. The cemetery is located across the small branch from the Cmerek house. This is about 3 miles southeast of Walburg.

## SAINT PETERS CEMETERY

The Coupland Cemetery known as the St. Peters Cemetery is located almost directly west of State Highway 95 and the village of Coupland. It was started in 1910 when the heirs of R. Aschen donated to the church their family burial plot. The area was expanded in the same year by the purchase of two acres of adjoining land.

From Clara Stearns Scarbrough's LAND OF GOOD WATER:  
 "Shiloh, a very early crossroads community a short distance south of present Hutto, on the banks of Brushy Creek. .... In 1853 a traveler spent the night at the Kuykendall home and as a result, Josiah contracted smallpox and died, becoming the second person to be buried in Shiloh Cemetery. The first was a woman who died as their wagon train passed through. Josiah's brother Mark came to assist him during his illness, developed smallpox and he, too, died and was buried at Shiloh. .... William McCutcheon arrived near Shiloh in the fall of 1846. So many of that family lived there that Shiloh Cemetery is also called McCutcheon Cemetery. ...."

WEIR FAMILY CEMETERY

Located about 1½ miles East of Weir on the north side of FM Road 971 in a pasture at the junction of FM 971 and a narrow black top road curving off to the north. From Georgetown take Business Highway 81 (Austin Avenue) north for almost a mile, north of the North San Gabriel River Bridge, and turn right on FM 971, marked Weir and Granger, for about 6 miles to a point about 150 yards east of the Berry's Creek bridge.

There appears to have been somewhere between 15 & 20 graves here but most have been mutilated, or made of soft limestone markers. Presently identifiable are:

- 1. A square marble headstone about 12" on each side, laying on the ground making it possible to get data on only 3.\*
  - a) MATILLA N., wife of T. C. WEIR  
Born March 1, 1828  
Died June 29, 1857
  - b) MATILLA N., daughter of T.C. & M.N. Weir

Aged 20 days at death.
  - c) SAMUEL B., son of T.C. & M.N. Weir
